What is Kubu?

Kubu is a smart sensor system that can be easily purchased and installed into Kömmerling frames by the home owner to monitor the status of a window or door lock in real-time.

Quick and easy to setup

Once the sensors are installed and the system set up, Kubu allows the homeowner to monitor if their windows and doors are locked or not in real-time, using the dedicated Kubu app on a phone or tablet, giving that extra peace of mind at all times.

Window Sensor

Door Sensor

Kubu Key Features

24/7

Get real time access to your door's status at anytime through the Kubu app, from anywhere in the world.

Perimeter

If you leave your home and your phone disconnects from wifi, the Kubu app will notify you if the door has been left unlocked.

Notifications

Be notified through the app every time your door status changes.

History

The Kubu app allows you to check through your door's access logs throughout the month

Share

For added peace of mind you can share the status of your door with friends and family.

Reminders

Set reminders to check your door at specific dates and times.
