PLEASE NOTE

Unless clearly stated on the order, frames supplied will **not** be manufactured to **Document Q** standards.
We advise allowing at least **10mm of fitting tolerance** between the overall frame size and the structural opening.
Opening sashes are glazed internally as standard. Fixed lights will be glazed externally unless agreed otherwise.

Part L : Customers are responsible for ensuring the glazing specification they request meets all relevant building regulations.
Part F & O : Customers are responsible for selecting trickle vents that satisfy the applicable building regulations.
