LOOKS LIKE TIMBER - FEELS LIKE TIMBER

Flush²

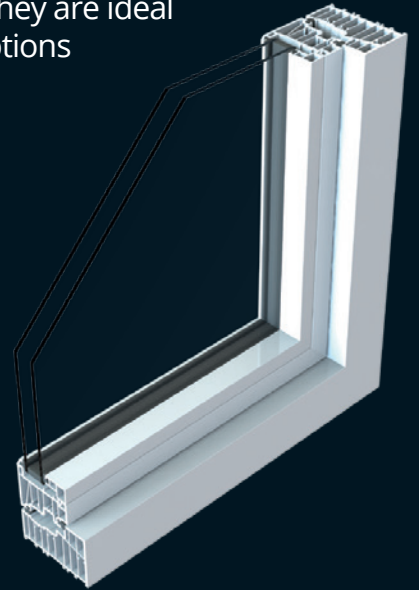

Flush2 is the architectural highlight of the Residence Collection, with clean lines and superb performance. With a flush external casement design and a square edge internal finish they are ideal when replacing 100mm traditional timber windows. A choice of styling options make them suitable for period and modern properties.

Very clear design with a cutting edge internal shape it is unconventional and unique

Straight lined innovation, bold looks create a bright living environment

100mm 9 chambered energy efficient profile achieving 0.79 W/m²k U-Value for 28mm double glazing or 44mm triple glazing

New complementing the old

Feels elegant and timeless for those wanting a contemporary look in a traditional building

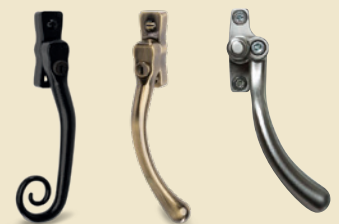

55mm Radlington cill option

Handles

Upgrades

Monkey Tail, Tear or Pear Drop
